

MARIAM A. FATHY

Cairo, Egypt | +20 100 555 0142 | mariam.fathy.dev@example.com

PROFESSIONAL SUMMARY

Third-year Data Science student. Comfortable with Python and SQL, still learning Spark. Interned twice, once in a bank IT team and once writing reports for a logistics company.

EDUCATION

BSc Data Science and AI - Elsewedy University of Technology, expected 2027

Coursework: Data Mining, Probability and Statistics, Data Structures, Cloud Databases, Object-Oriented Programming

WORK EXPERIENCE

Data Analyst Intern - Nile Logistics (Jul 2025 - Sep 2025)

- Rebuilt the weekly delivery report in SQL; it used to be copy-pasted from four spreadsheets every Sunday.
- Cleaned the driver dataset. Roughly 8% of rows had swapped columns.
- Sat in on the ops meeting and took notes.

IT Intern - MIDBANK (Aug 2024 - Sep 2024)

- Helped the support team with ticket triage and password resets.
- Documented the onboarding checklist nobody had written down.

PROJECTS

Retail RFM segmentation - Python, pandas, scikit-learn

K-Means on 1.2M transactions. Elbow plot was ambiguous so I used silhouette score instead. Streamlit dashboard on top.

Campus energy predictor - Python, scikit-learn (unfinished)

Linear regression baseline works, the seasonal features do not yet.

TECHNICAL SKILLS

Programming: Python, SQL, a little Java

Data: pandas, NumPy, scikit-learn, matplotlib, Power BI basics

Tools: Git, VS Code, MySQL, Jupyter

CERTIFICATIONS AND LANGUAGES

Google Data Analytics Certificate (Nov 2025)

Arabic (native), English (upper intermediate)
